

## Environment Protection Policy

We recognize the importance of ensuring the protection of our environment through the commitment and involvement of management and of each employee.

We are committed to minimizing environmental impacts in all our activities. All employees will be responsible and accountable for our company's environmental performances.

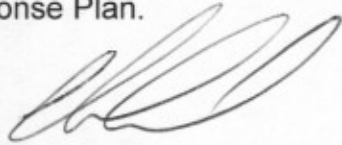

All used oil, etc. shall be properly stored and removed to appropriate disposal sites.

All garbage shall be properly stored and removed to appropriate disposal sites.

All open fire and smoking regulations shall be strictly adhered to.

Fueling of machinery and equipment shall be done well away from any source of water.

Report all spills as required by Highmark Environmental Services Ltd. Emergency and Response Plan.

Chris Weissbach, President
